

Queen's College
Plan on the Use of the "AI for Empowering Learning and Teaching" Funding Programme
(2026/27 School Year)

Area	Objectives	Success Criteria	Method of Evaluation	Proposed Period	Estimated Expenditure
Software & Platforms Renewal of Gemini Enterprise for all teaching staff for one year.	Provide all teaching staff with access to generative AI capabilities to streamline course design, lesson planning, and individualized assessment.	- 100% of teaching staff assigned a Gemini Enterprise license. - Teachers successfully utilize AI tools to design learning content in at least 3 subjects/curriculum areas across 2 levels. - Development of 6 teaching examples utilizing AI.	- Teacher survey on efficiency gains and teaching satisfaction (to be conducted after one year of use). - Developed teaching examples.	Sept. 26 – Aug. 27	\$ 32000
AI Learning Platform for Language Subjects	- Subscribing to automated feedback systems for Chinese and English Language departments to streamline essay and speaking assessment. - Empower students with automated diagnostic feedback on spelling, pronunciation, grammatical accuracy, etc to accelerate improvement.	- The automated evaluation platform is successfully piloted in targeted junior and senior language classes. - Language teachers report a measurable reduction in marking turnaround times and enhanced student feedback interaction.	- Teacher and student survey on efficiency gains and teaching satisfaction.	Sept. 26 – June 27	\$ 40000
Student Activities	- Support students' hands-on learning experiences in AI. - Subsidize registration fees, and learning resources for elite training workshops, camps, and competitions.	- At least 30 students benefit from subsidized AI training workshops and courses. - Active representation in at least 2 AI-related competitions.	- Student attendance records, project logs, and competition achievements. - Post-activity student feedback surveys.	Sept. 26 – Aug. 27	\$ 40000

Balance brought forward for the 2026/27 school year : \$ 220276

Estimated Expenditure for the 2026/27 school year : \$ 112000

Estimated balance brought forward for the 2027/28 school year : \$ 108276

Prepared by Mr. TSANG Chiu Kin Adrian (Teacher-in-charge / IT Coordinator)
