

2021

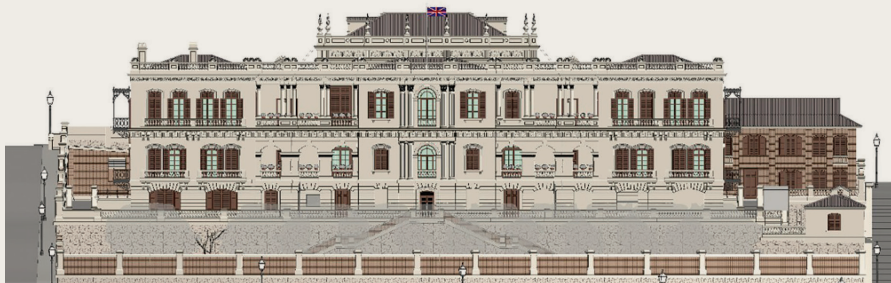

QUEEN'S
COLLEGE

BECOME
LEADERS
OF TOMORROW

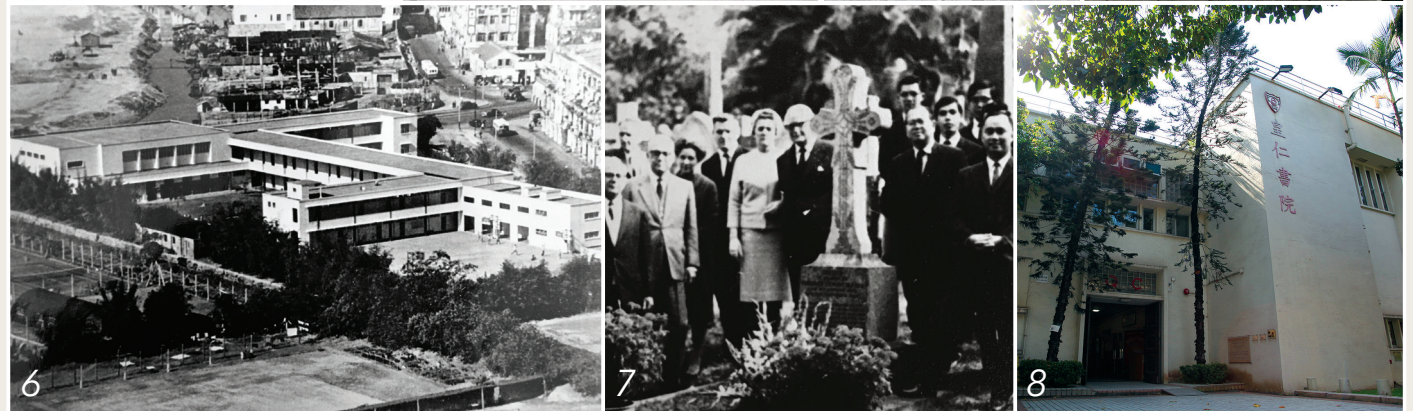

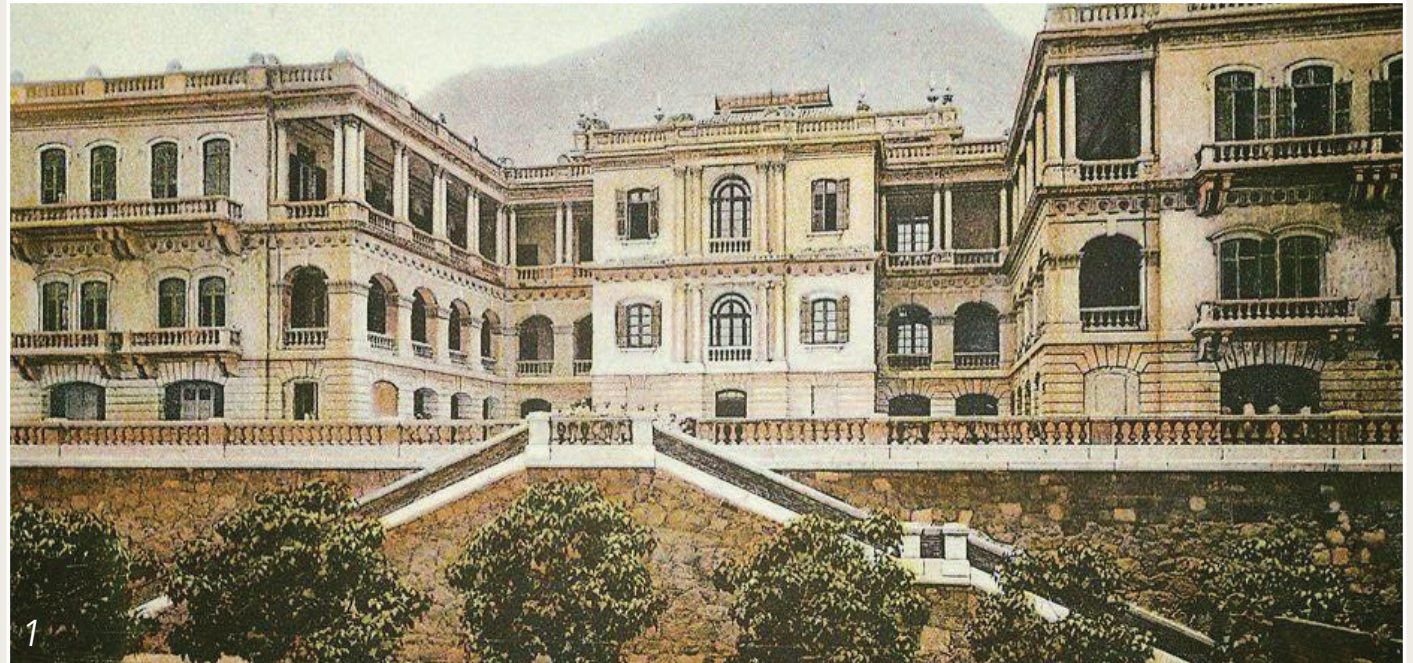

School Mission

It is our mission to provide students with an all-round education aimed at excellence in moral, intellectual, physical, social and aesthetic development, whereby they can achieve self-fulfillment in all aspects throughout their lives and become leaders of tomorrow.

School History

Queen's College, originally named the Central School, is the first government school set up in Hong Kong in 1862. First located in Gough Street, Central, it provided western education to both Chinese and foreign students. In 1889, the new school building, at the junction of Aberdeen Street and Hollywood Road opened and the school was known as Victoria College. It was renamed Queen's College in 1894 and moved to the present site in Causeway Bay in 1950.

Areas of Major Concerns of School Development Plan 2018-2021

- 1 Promoting Deep Learning through Experiential Learning
- 2 Empowerment of students with good qualities of empathy, respect and commitment so as to face the challenges in the future

1. Inauguration Ceremony of School Leaders

2. Training Workshop for Teachers on Staff Development Day

3. Students are doing 3D printing in a laboratory

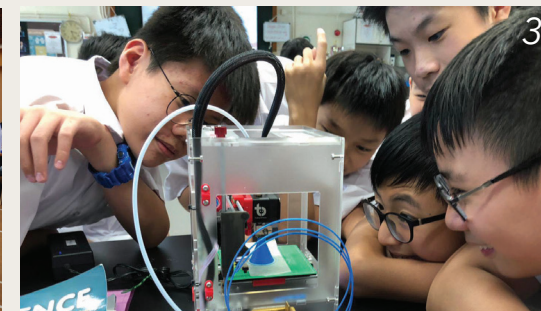

4. Students are trying hard to make solar energy robots

5. Students are introducing their board design to judges for Board Display Competition

6. Inter-class Drama Contest for S2 and S3

7. Inter-class Rope-skipping Competition for S1

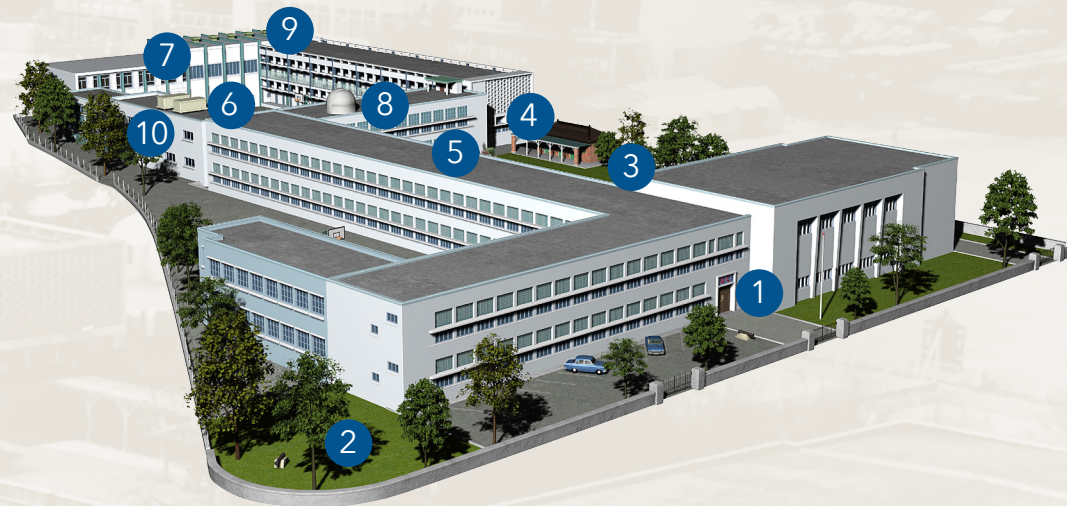

8. JA HK@APEC Game Design Expo & Competition 2020

School Campus and Facilities

The school provides an ideal learning environment for students. There are 29 classrooms, 5 laboratories and various special rooms such as 2 computer Rooms, 3 e-Learning Centres and 1 Lecture Room. Apart from the computerized library, there are facilities for sports and leisure including a gymnasium, an observatory, 2 playgrounds, Student Activity Centre, Scout Den and Morning Sun Court.

Besides, Queen's College History Museum was opened in March 2017 to celebrate the 155th anniversary of our school.

Curriculum

Junior Curriculum (S1 to S3)

Key Learning Areas	S1, S2	S3
Key Learning Area 1 Chinese Language Education	Chinese Language Putonghua	
Key Learning Area 2 English Language Education	English Language	
Key Learning Area 3 Mathematics Education	Mathematics	
Key Learning Area 4 Personal, Social & Humanities Education	Geography History Chinese History Life and Society	
Key Learning Area 5 Science Education	Integrated Science	Physics
	Creative Science	Chemistry
		Biology
Key Learning Area 6 Technology Education	Computer Literacy	
Key Learning Area 7 Arts Education	Visual Arts Music	
Key Learning Area 8 Physical Education	Physical Education	
Cross-KLAs	Life-wide Learning	

Senior Curriculum (S4 to S6)

Core Subjects		
1	Key Learning Area 1 Chinese Language Education	Chinese Language
2	Key Learning Area 2 English Language Education	English Language
3	Key Learning Area 3 Mathematics Education	Mathematics : Compulsory Part Mathematics : Extended Part (Optional, choose either one) Module 1 (Calculus and Statistics) Module 2 (Algebra and Calculus)
4	Cross-KLAs	Liberal Studies
Electives (Choose any 3)		
1	Key Learning Area 4 Personal, Social & Humanities Education	Chinese History Economics Geography History
2	Key Learning Area 5 Science Education	Biology Physics Chemistry
3	Key Learning Area 6 Technology Education	Business, Accounting & Financial Studies Information & Communication Technology
4	Key Learning Area 7 Arts Education*	Visual Arts Music
Compulsory Subjects		
1	Key Learning Area 8 Physical Education	Physical Education
2	Other Learning Experiences (OLE)	Aesthetic Development, Community Service, Career-related Experiences, Moral and Civic Education, Physical Development, Leadership Training

e-Learning

e-Learning is one of our school's Major Concerns. The school has received full support from the EDB and Old Boys to implement e-Learning, which makes learning and teaching more effective. With the help of various e-Learning tools such as iPads and e-Platforms, students' learning interest is aroused and the learning process can be extended outside the traditional classrooms. Students can learn at their own pace and according to their own interests.

STEM Education and Gifted Education

Following the current trend of STEM Education, our school actively explores opportunities for students by conducting STEM Education according to the 3-tiered model of gifted education. For Tier 1, school-based curricula in Creative Science, Coding, and Mathematics have been developed for fostering creativity, problem solving and collaboration of students. In Tiers 2 and 3, students take part in local and international competitions and various programs offered by local universities every year, including the University of Hong Kong and the Hong Kong University of Science and Technology. Thanks to the keen and enthusiastic support from our Old Boys, our school's development in STEM Education has received positive responses and unleashed a lot of potential within our students.

1. Training Workshop for School Prefects
2. Students helping Ming Gor distribute lunch boxes
3. Adventure-ship Partnership Programme

Careers & Life Planning Team

The Careers & Life Planning Team is dedicated to fostering students' self-understanding, personal planning, goal setting, reflective habits and knowledge of progression pathways through life planning education.

Discipline Team

The Discipline Team aims at nourishing students' self-confidence and leadership qualities by providing them with ample opportunities to participate in training programs and school functions.

Counselling Team

The Counselling Team adopts both developmental and remedial measures to equip students with knowledge and skills and help them cultivate positive beliefs and an optimistic attitude towards life. As a result, they are capable of facing challenges, adversities and handling different issues in life.

Student Support Team

To create an inclusive school environment, the Student Support Team promotes mutual respect among students and provides individual assistance to students with special education needs.

Moral and Civic Education Team

The Moral and Civic Education Team aims at equipping students with the essential basic knowledge, attitudes and skills to become rational and responsible citizens of our community and country. In addition, it cultivates students' ethical values in order that they are aware of their roles and responsibilities within the family, school and community at large.

Environmental Protection Team

The Environmental Protection Team is committed to developing students' sense of respect and responsibility for the environment.

Health & Sex Education Team

The Health & Sex Education Team launches multifarious activities conducive to the salutary development of students so that they can lead a healthy lifestyle and have a proper attitude towards interpersonal relationship.

School History Education Team and Student Ambassadors

School History Education Team aims to induce school culture, core values and sense of gratitude among students. With the assistance of Student Ambassadors, a strong sense of school spirit and a sense of belonging among all students can be promoted through a deeper understanding and awareness of the school's history and fine tradition.

1. Eldpathy
2. Advanced Training of Emotion Management (IPSC)
3. Students are trying hard to classify rubbish
4. Little Inventors Gifted Education Program

Extra-curricular Activities

Our school aims to nurture all-rounders by offering a wide range of extra-curricular activities. By taking up the responsibilities of leading and organizing various activities and social services, students can widen their horizons and enhance their sense of commitment and leadership skills.

1. S1 Orientation Camp
2. S1 Orienteering Competition
3. Interactive Drama organized by ICAC
4. S2 Putonghua Singing Contest
5. S3 Talent Class Disc Spinning

Exchange Program 2019

Reflection by Students

Exchange Program with Ulsan Meister High School

(QC to UMHS : 5th September to 9th September, 2019)

Queen's College established a brother-school relationship with Ulsan Meister High School (UMHS) in 2015. Our school has treasured this valuable opportunity for our students and teachers to explore the culture and customs of a different nation and to maintain a long-term friendship. The Korean Ulsan Meister High School Exchange Program 2019 was held from 5th September to 9th September, 2019 for two S5 and six S4 students who were escorted by our assistant principal, Mr. WONG Kwok-keung, and Mr. LEUNG Kin-ching.

Each participant had an unforgettable and amazing trip and broadened their understanding of Korea through various activities and interactions with host families and teachers. In Ulsan, people are very enthusiastic. Wherever we went, friendly greetings such as Ann-yeong-ha-se-yo (Hello) and Kam-sa Ha-mni-da (Thank you) could be heard. During the five-day accommodation in our Ulsan buddies' homes, our students could feel their hospitality and politeness. We all were treated in a nice manner. The Korean Mums and Dads were extremely caring and attentive. Our students had a brilliant experience with them, and the Korean families made them feel at home. Undoubtedly, this provided QC boys with a chance to really see what daily life in Korea is like. Students might gain far more insights than tourists who never venture into the real Korea. Immersion in a country may also help them learn the language more efficiently, since they could have opportunities to use it every day.

During the exchange program, we savored various kinds of Korean food such as "spicy kim chi", which was delicious. For the Korean dining culture, we had to sit on the floor to enjoy our meals. Our students visited the Hyundai Heavy Industries. They could witness the scale and complexity of the operations of a shipbuilding corporation. Besides, students attended formal classes to learn Confucian culture in Ulsan. We then visited our brother school, Ulsan

Meister High School which is located in the heavy industrial manufacturing city, Ulsan. UMHS is a high school (senior form) in which most of the graduates will work in large national industrial enterprises such as Samsung Corporation and Hyundai Motor Group. The school has developed specific courses to train the youths to be skillful masters and technicians in manufacturing industries.

During the five-day visit, students and teachers travelled to various places. We went to the Ulsan Museum, the Ulsan Grand Park and Haeundae Haesuyokjang, a popular beach in Busan. We also visited the traditional market, modern shopping malls, ancient sites and historical buildings in Busan. Our students and teachers tasted a lot of Korean traditional food and bought different kinds of souvenirs.

Through this exchange program, students immersed themselves in a completely different culture and lifestyle than what they are accustomed to. QC boys were able to fully immerse into the world around them, enabling them to gain a better understanding of Korean culture and lifestyle, rather than viewing it as a tourist. The home-stay experience in Korea let our students gain independence and acceptance towards people of other cultures. This may help them in their future, both at school and beyond. In a multi-cultural world, it may be important to know how to interact with other cultures, especially if students plan to pursue a career in an international company or organization. This tour was definitely an invaluable experience to our students.

1. Sightseeing in Ulsan
2. Sightseeing in Busan
3. Students learning Confucian culture in Ulsan Hyanggyo
4. Visit to Ulsan Meister High School
5. Mechanics Lesson in Ulsan Meister High School

Students' Outstanding Achievements

Over the years, our students have been awarded numerous local and overseas scholarships in recognition of their outstanding achievements.

Recipients of Morrison Scholarship 2019-2020

Scholarships offered by Local Organisations

No. of Recipients (since 1995)	Scholarships
78	Government Scholarships
16	Sir Edward Youde Scholarships for Overseas Studies
14	Grantham Scholars of the Year
8	Young Leaders of Tomorrow
8	Charles Franklin Moore Scholarships
7	Sir Edward Youde Memorial Medal
7	Prince Philip Scholarship
2	Chinese University of Hong Kong Scholarships for Secondary Students
5	Scholarship for Excellence (for overseas studies)
1	Sir Edward Youde Scholarships for Undergraduate Studies
3	Springboard Scholarship (HKU Li Ka Shing Faculty of Medicine)
8	Sir Edward Youde Memorial Prizes
1	Jardine Scholarship Awards

Scholarships offered by Overseas Organisations

No. of Recipients (since 1995)	Scholarships
21	Yale Book Award
32	Harvard Book Prize
13	Rensselaer Medal for Junior Student
9	Hong Kong Schools Alumni Federation of Southern California Scholarships
11	Princeton Club of Hong Kong Book Award
7	Brown University Book Award
1	Hong Kong Secondary One Scholarship, Ministry of Education, Singapore
1	Imperial College London Alumni Association Scholarship
1	Rensselaer Medal Award

Liaison with Parents, Alumni & Community

Queen's College Parents-Teachers' Association

The PTA organizes a wide variety of activities to strengthen the communication between parents and teachers. Apart from being an enthusiastic sponsor of school activities, the Association offers scholarships to students and supports many School Improvement Projects.

1. PTA Book Sale
2. Booth of PTA on S1 Registration Day
3. Gathering with parent volunteers

Queen's College Old Boys' Association

Old Boys have been extensively supporting their juniors in maintaining a sustainable learning and teaching environment, enlightening their leadership and careers as well as preserving school history and heritage through academic and mentorship programs to prepare them for future challenges. Serving the alma mater and community for almost a century, the Association is committed to uniting all collegians bound in close brotherhood in a caring campus where students dream and where dreams come true.
